### 5.3 Additional information for firefighters

Evacuate personnel to safe areas. As in any fire, Wear self-contained breathing apparatus and full protective gear for firefighting. Stand upwind.

## Section 6 - Accidental Release Measures

### 6.1 Personal precautions

Collect leaks. Evacuate area. Ventilate area. Use personal protective equipment: Chemical protection suit including self-contained breathing apparatus. Avoid contact with skin and eyes.

### 6.2 Methods for cleaning up/taking up

Leakage of contaminated areas to evacuate personnel to safety, as far as possible to cut off sources of pollution, prevent access to sewers. The proposed emergency personnel wearing a dust mask (full cover), wearing work clothes. Small amount of divulgence: Clean off. Collecte in a dry, clean, covered container and transferred to safe place; Massive divulgence: Recycle or transport to waste treatment place for handling.

## Section 7 - Handling and Storage

**7.1 Handling:** Supply with sufficient partial air exhaust. The operating staff must have received special training and abide by the operating regulations. It is advised that the staff wear appropriate personal protective equipment. Keep away from the fire source, heat source, no smoking in the work place. Take care when lifting and handling in case of damaging the package. Equip with relevant types and quantities of extinguishment instruments and device for divulgence handling.

**7.2 Storage:** Keep in sealed container, place in a cool dry place. The storage place should be equipped with devices for divulgence handling and suitable shelter materials.

## Section 8 - Exposure Controls, Personal Protection

### 8.1 Exposure controls

#### Occupational exposure limit:

**MAC(mg/m3):**No information

**TWA(mg/m3):**No information

**STEL(mg/m3):**No information

**Engineering control:**The production process space is closed, need to strengthen the ventilation. Make sure that there is a wash and shower in the vicinity of the workplace. Set emergency evacuation routes.

**Respiratory Protection:** No protection in normal situation. High concentration contact can wear on the filter type gas mask.

**Eyes Protection:** No protection in normal situation. Wear protective glasses if necessary.

**Body Protection:** Wear work clothes.

**Hands Protection:** Wear protective gloves.

**Other Protections:** No smoking, dining and drinking water in the workplace. Keep good habit of hygiene.
